Foreword

Olivet Nazarene College is many things to different people. It is a college, a home away from home, an education.

Each Olivetian has his or her own thoughts about what Olivet is—what it means to him.

Though there may be 1200 different ideas, Olivet still has certain basic unifying elements. The lowest common denominator is people—just people—doing things—working, studying and being affected, in many ways, by their environment.

Our heritage is a rich one—founded in faith, nurtured in courage and existing in the present for the future. Ours is not only a physical environment but a social and religious one as well.

The founding fathers, who long ago started Olivet toward its destiny, had to have a faith in the future, a faith in mankind and in God.

The road Olivet has traveled has not been easy. Through troubles—poverty, fire, and wind—and through good times, the leaders of the school have found courage to press on. Olivet reflects this determination and courage.

By the efforts of its leaders and administrators, Olivet has achieved the place it holds today. With foundations in the past we build for the future.

Yes, Olivet is a college. But more—it is the embodiment of man's courageous faith in God. Indeed, Olivet is many things to many people.

The '64 Aurora has made an attempt to picture in a small way what Olivet Nazarene College is . . . the changes wrought by the tornado, the everyday happenings, and the people who are Olivet.

Dedication

A faculty member for nineteen years, the man to whom our book is dedicated has served Olivet in a sacrificial way. Through his assistance and direction in the Department of Social Science many students have broadened their views of society and matured in their thinking and reasoning. As a faculty member he is a great asset.

His exemplary life proves that perfect love is possible. He is concerned for his fellow man regardless of race, creed or color. He is a man of fine integrity and character.

Because of your many fine qualities, because of your worth as an individual, because of your years of service, we dedicate the 1964 AURORA to you, Professor F. O. Parr.

In Memoriam

S. T. Ludwig
Wayne Crays
Bernard Ohrt

There waits for me a glad tomorrow
Where gates of pearl swing open wide.
And when I've passed this vale of sorrow,
I'll camp upon the other side.

Some day I'll hear the angels singing,
Beyond the shadows of the tomb;
And all the bells of heaven ringing,
While saints are singing, "Home, sweet home".

Some day the dark clouds will be rifted,
And all the night of gloom be past;
And all life's burdens will be lifted,
The day of rest shall dawn at last.

Some day beyond the reach of mortal ken,
Some day, God only knows just where and when,
The wheels of mortal life shall all stand still,
And I shall go to dwell on Zion's hill.

Student Life

It is in our student life that each of us has a chance to reflect what Olivet is and means to us. The student's life for the school year 1963-4 has been much affected by the tornado of last April 17. The immediate reaction of fear and hopelessness soon gave way to a desire to continue the progress of Olivet. Just a few days after the disaster, it was evident that Olivet would make a "come-back." Tree-clearing, cleaning up of rubble, tearing down old buildings and building new ones were parts of the process. The removal of the fourth floor of Burke Administration Building and the brick-by-brick return of the O.N.C. smokestack were also necessary.

Our student life has its . . .

Physical surroundings . . .

Academic factors . . .

Religious environment and . . .

Social Atmosphere . . .

Its physical surroundings include buildings, people, and grounds. The academic factors are classes, books, and professors. The religious environment includes church, chapel, and prayer band. Dates, parties, and recitals make up part of the social atmosphere. Into these areas fit all that goes on at Olivet. There are some events that are varied from one year to the next. These events include parties, homecoming, and other special events. Then there are events that remain much the same from one year to the next, for example, orientation, registration, classes, tests, and graduation exercises.

Tornado Brings Many Changes

The events of April 17, 1963, changed the schedule of all those associated with Olivet Nazarene College. A tornado hit the campus at approximately 4:20 P.M. Over a million dollars in damage was incurred as a result of the devastating winds. Most severely damaged was Burke Administration Building. The smokestack, the trees, many buildings, the back tennis courts, and trailerville, were all struck by this severe twister. Adjustment and rebuilding set the pace for our college living after the tornado. In the following pages we will try to show some of the rebuilding that has taken place since last April 18.

High in the sky goes fourth floor once again.

Wind-beaten trees are trimmed after tornado.

Campus Landmarks Destroyed and Rebuilt

First "official" puff of smoke from rebuilt "Ol' Smokey".

Over two-thirds of the smokestack was snapped off within just a few seconds. The psychological effect of this mishap was felt by all. The smokestack stood as a landmark, visible from as far as three miles from campus. After its rebuilding, a dedicatory service was held following the Homecoming Chapel Service. Ol' Smokey was welcomed back royally.

Dr. Brown leads group in a cheer to the smokestack.

Window frames are added as work continues on Ad building.

Burke once again stands with four floors.

Burke Administration Building was the most damaged of the major buildings on campus. Due to the destruction, it was necessary to level it to the third floor. Since this building was unusable, temporary buildings were erected behind the tennis courts and College Church supplied facilities for many classes. Rebuilding has continued since a few weeks after the tornado. A new addition to Burke is that of our college seal replacing the St. Viator seal. This seal, an exact replica moulded of stone, weighs one-half ton.

Even though the 4th floor is missing, the rubble has been removed, giving Burke a "clean" look.

A windowless Walker Hall before it was torn down.

Walker Goes...Others Repaired

The path of the tornado included also the night-watchman's shack, Walker Hall, and Birchard Field House. The night-watchman's shack was rebuilt on a larger scale; it was found necessary to raze Walker Hall. Since much of the glass in the gym was shattered, it was replaced as was the roof.

Walker Hall becomes history as the "walls come tumbling down".

Greer Greenhouse

Our campus buildings play many roles in campus life. Many have class rooms and since the tornado these have increased in use. The facilities of the greenhouse are used in many of the biological laboratories. Though the greenhouse was damaged during the tornado, it has since been repaired and is now in use. Goodwin Hall houses most of the music classes and offices of the music faculty. Practice rooms are provided in this building designed by Frank Lloyd Wright. Birchard Field House accommodates not only our gym and pool but also labs for a few of the science courses. The Home Economics Building includes several classrooms, the kitchen, and the sewing room which are all frequented by Home Ec majors and minors. Memorial Library provides an atmosphere for study, research, and learning.

Williams Hall

Williams Hall, dedicated to Dr. and Mrs. R. T. Williams, was erected in 1949 at a cost of \$450,000. The four-story, double-wing brick structure houses 220 underclassman co-eds.

In addition to its residence rooms, there is a spacious parlor decorated in an elegant French and Italian style, a kitchenette, a television room, a study room, a prayer room and its head residence counselor's apartment.

Nesbitt Hall

Nesbitt Hall, dedicated to Miss Mary Nesbitt, Olivet's first teacher, houses 150 sophomore and junior co-eds. The first of the buildings erected during the Olivet Nazarene College Development Campaign, it was dedicated September 30, 1960.

In addition to its residence rooms, there are a modern parlor, laundry rooms, a television room, a kitchen, and a prayer room, and the apartment of its head residence counselor.

Located just off campus on the Main Street of Bourbonnais, Main House is a three-story frame building which is home for twenty-five Senior Girls. Main House, originally Baith House, was purchased by the college in the summer of 1963. Much extensive redecorating, including the addition of carpeting, was undertaken to adapt the house for communal living. The conveniences of a fully equipped kitchen, a modern parlor, and a hairdryer have provided pleasant living conditions. A spirit of independence and a place to pursue various interests in preparation for careers after graduation are provided by Main House. Miss Clarine Hall is the house director.

Although still under college rules, the students are given more freedom.

Hills Hall

Hills Hall

Hills Hall is the newest residence hall on campus. Housing 150 men, the commodious accommodations afford a pleasurable living environment. Included in the facilities are a prayer room, study rooms, a television room, and a very comfortable lounge.

The architecture of Hills Hall resembles that of the newer buildings on campus. This residence was named in memory of A. M. Hills, first president of Olivet Nazarene College.

Senior Houses

In 1956, four houses, now known as Senior Houses North, were built $2\frac{1}{2}$ blocks north of the campus in the Goodwin addition, to be used as senior girls' residences.

Number three is the core house, where the kitchen, pop and candy machines, hair dryer, and the parlor where the girls may receive their dates, are located.

Ironically enough, Senior Houses South houses juniors, not seniors this year. This housing unit, formerly the Leist Apartments, was endowed to the college by Dr. and Mrs. Leist, in 1962, and was used as housing for senior co-eds.

The unit includes five apartments for the students, the residence counselor's apartment, a parlor, and a storage room with pop venders.

Presentation Plus Assimilation Equal Education

The academic activities of Olivet Nazarene College account for the bulk of student endeavors. Because of the tornado, many changes have taken place.

The classroom scene changed. Burke Administration Building, which previously housed the greatest number of classrooms, was rendered useless by the devastation. College Church became the scene of academic labors. Two temporary buildings for classrooms were erected between Birchard Field House and Chalfant Hall. The biology, zoology, and botany

departments now make use of the temporary buildings. Most of the other buildings increased their classroom load. The Home Economics Building and Flierman Hall received a great many more classes. The new IBM machine, located in Memorial Library, has brought about changes also. Registration time was cut down considerably, much to the enjoyment of faculty and student body, by IBM processing. Grades are also received sooner.

Spiritual Introspection

The most unique aspect of Olivet's student life is its spiritual emphasis. To relate the spirit to the whole of life is its goal—a true integration of mind, body, and soul.

Chapel is the pivot point of campus activity. It is the unifying factor. Professors and 1200 students from various parts of the world meet together as one to worship our Lord. We become a family—yes, a true spiritual family. Suddenly we feel very close to each other. Why do we love Olivet? Because we worship together.

A testimony of victory, a song of praise, a prayer of thanksgiving, a sermon from God's Word—this is worship in College Church. It touches our hearts, melts our fears and frustrations, uplifts and makes us glad. It gives us new courage.

It is our spiritual home away from home. It is a place to serve, to fellowship, to worship in Christian love and devotion. We become part of a living community of believers.

Revival...

Refilling and Refreshing

When the spirit lags, life drags, and the soul is hungry, we pray, "Revive Us Again." At Olivet our prayer is answered.

First came Edward Lawlor. His enthusiasm and energy for God opened up the spring of life within our souls. Next came Fletcher Spruce. His quiet and earnest appeal compelled us to take new inventory of ourselves. We gained spiritual perspective, light, and hope.

The Missionary Band is one of the most active groups on campus. Its membership includes not only those who are called to full-time service on the mission field but to those who have realized the need of missions. The project for this year's organization was financing the translation of *Wiley's Christian Theology* for use in the newly founded Bible School in Germany. The goal was set at \$2,500.

In addition to the regular meetings, bi-monthly devotional meetings are held for prospective missionaries.

Social Aspect

Involves Various Activities

The social program of Olivet is directed by the Social Committee. They sponsor several all-school parties which are well attended and thoroughly enjoyed. In addition, the classes sponsor their own parties, and one all-school function. The Lyceum program provides interesting and informative programs for the benefit of student body and community. Campus facilities conducive to entertainment include the gym, the Universe, and the various parlors and lounges.

The annual Halloween Party proved to be a chiller. "Som Enhaunted Evening" was the theme of this party. Costume Olivetians apprehensively made their way through the "Ghos Walk" welcomed by a fearsome host with a peanut-butte skin. After the ghost walk, refreshments were served and Halloween Party given by a psychopath was viewed.

An innovation by the Social Committee this year was th Hootenanny. Emceed by Mr. Hootenanny, John "Bear" Sloor the folk sings were enjoyed by all. The first Hootenanny wa held in Birchard Field House and the second in the Universe which lent a true coffee-house atmosphere to the program

Faculty Workshop

The fall retreat of the faculty serves several purposes. The day's activities took place at Aroma Park District Center. Through the various committees and discussion groups, the faculty endeavored to improve the standards of education at Olivet. Meanwhile, campus life deviated from the norm. Student leaders filled administrative as well as classroom positions in the absence of faculty and administration. The faculty was welcomed home in the evening with a party sponsored by the student body.

Weary and worn students near the end of registration.

Registration can prove to be a very long process.

Registration

The usual routine of registration and orientation was altered somewhat this year due to the tornado damage. Burke Hall previously carried the bulk of business procedure; this year, the first floor of Chapman Hall housed the registration lines. The larger Chalfant Hall was used for second semester registration and the procedure was simplified by a new method of registration involving the IBM machine.

"Do I pay you?" asks Mary Lou, as she approaches the cashier.

Clubs and Organizations

Through clubs and organizations, each Olivetian has a chance to add to the spirit of the school. By filling an active place in a club, one helps to better the club, the school, and in turn, oneself. By betterment of clubs, school, and oneself, we build better school spirit. School spirit is an important aspect of Olivet's life. By finding a place for oneself in an organization or club one can develop talents that will enhance school spirit. Better school spirit means a better student body.

Organizations requiring and developing leadership give students practical experience in handling problems, some of which will be met again in later life. Olivet provides ample opportunity for one to excel in music.

The Women's Residence Association has been established to create a better social and religious atmosphere and to help in matters of a judicial nature for the girls who live on campus. Its purpose is to share with the administration problems of discipline in the dormitory, to strive to make the dormitories more desirable, and to make a contribution to the social and spiritual life of its members.

It also plans activities throughout the year for the enjoyment of its members. This past year's activities included a trip to a Wheaton-Bradley University football game, a tree-trimming party, Christmas caroling, and a chess tournament. A good newspaper is a mirror of the news, a melting pot of ideas, a kaleidoscope of interests, and a spring-board to controversy. Whatever the metaphor used, Olivet's *Glimmerglass* seeks to provide them all by issuing a bi-monthly paper which reflects student view points, as well as social, spiritual, academic, and athletic activities. Features of the paper include columns by the College Church pastor, committee chairman, club presidents, and also views on student life, politics, contemporary events, and athletic events on campus. Students air their opinions in "Letters to the Editor." In this way the *Glimmerglass* makes it possible for every Olivetian to become more informed about the life of Olivet.

Social Committee—

Dorothy explains plans for a party to Social Committee.

Student Council Social Arm

Hootennanies, a get acquainted party, a semi-formal Christmas party, and the Valentine party were the products of the imagination, ingenuity and hard work of this year's social committee. This committee, which has the responsibility of planning Student-Council-sponsored social events, is composed of three representatives from each class and a chairman, appointed by the Student Council. This year's chairman, Dorothy Ralph, met with members of the committee weekly to plan these functions which would enrich the social life of Olivetians and create lasting memories.

Student Tribunal—

Student Council Judicial Branch

The Student Tribunal represents the judicial branch of the Student Council. In one respect it is an honorary position yet it serves a definite purpose. This group acts as interpreter of the Constitution, the student handbook, the *Sidekick*. The nine members of this committee are elected by the Student Council.

Olivet's clubs run the gamut of interests of its student body. Correlating with many academic pursuits, our clubs increase the understanding and appreciation of those areas of study. Participation in these clubs affords not only opportunity for increased knowledge but also an opportunity to increase leadership ability and to promote more effective communication.

Associated Married Students

Plans are made for a busy semester by the Married Students.

The Associated Married Students is composed of 130 Olivetians. The purpose of their group is two-fold. One goal is to present to the associated students and administration, through their two council representatives, the views and opinions of the married students, and another to keep the married students informed as to campus events.

Reorganization and revision of the organization's constitution keynoted this year's plans and activities.

International Students

Promote Foreign Understanding

Foreign Student's officers plan for coming events.

One of the more recently organized clubs on campus is that of the International Foreign Students. The purpose of this organization is to promote better understanding between the members and the people on campus and in the community. The members feel that Americans and foreign students have not had a good understanding of each other.

To help bring about better relations, several of the members went to thirteen area churches in March. In April, a chapel program was presented to promote a clearer understanding on campus.

In February and May the club gave banquets. The February banquet was an international dinner which featured foreign foods. Dr. Reed was guest speaker.

Home Economics Club...

The Home Economics Club provides various activities to broaden their member's knowledge of Home Economy. Besides the Tip-off Tea and the International Tea, their programs included a visit from Suzanne Wilson, 1963 alumnus of Olivet, who is now a Home Economist with the Roper Company and a representative for Julieann Fabrics. Suzanne demonstrated the preparation of food for photographing.

The year's activities were also highlighted by a field trip to Chicago which afforded many interesting and educational experiences.

Commerce Club...

Interest in the Business World

Commerce is vital to the existence and strength of our nation. The Commerce Club organizes business majors and minors to stimulate interest in current business happenings and trends.

They engaged businessmen from the local area as speakers to give them insight into their future occupations. Experiences such as their trips to the Chicago Board of Trade and Midwest Stock Exchange aroused enthusiasm.

A mock job interview with a local personnel manager was helpful. A memorable social function was the club's chili supper, held in Birchard gymnasium.

Tom Horner points out an interesting poem to Vivian Stray.

The English Guild is a chapter of Sigma Tau Delta professional English Fraternity. Members are received by vote of the charter members.

This year the club sponsored an exhibit of short stories, essays, and poetry which were written by Olivet students. This was held in the basement of the library. Book reports and a film on Chaucer were presented at club meetings.

Exaltation of Medical Profession

The Collegium Christianum Prae-Medicorum attempts to promote an instructive, directive and active foundation for the thirty-two pre-medical students of Olivet Nazarene College, and to encourage those Christian spiritual qualities so necessary for the Christian medical ministry.

In fulfilling these purposes, the club showed the films, "Red River of Life," "I Am a Doctor," and "The Cell," took field trips to Riverside Hospital, heard several student speakers, and held their annual banquet.

The organization which attempts to inspire interest on campus in the field of psychology as it affects religion, education, and life, is the Psychology Club. Mrs. Vera Gaertner, an education professor, is the sponsor.

This year's activities for the club have included special speakers, films, and a trip to Kankakee State Hospital. A demonstration of administration of I.Q. tests was also given.

Ministerial Fellowship...

Initiation of Active Christianit

The Ministerial Fellowship attempts to promote understanding, acquaintance, and fellowship among members, to increase the general efficiency of each member in terms of Christian leadership, to provide our ministers-in-training the opportunity to hear representative speakers from various departments of our church, to sponsor the establishment of home missions in cooperation with the different superintendents of our Olivet College zones, and to secure, through united prayer and effort, the maximum of divine blessing upon the fellowship of the college, the church, and the world at large.

This club had seminars on practices by Rev. G. Galloway and Dr. Reed, a breakfast during Fall Revival, a dinner during the Purkiser lecture, and their annual Spring Banquet. They supplied the speakers for eight of the chapel programs, and many of the Science Building Fund workers. Their outstanding activity was a trip to the Nazarene Theological Seminary, Kansas City, Missouri.

Science Club...

Organized Scrutiny of Physical World

Partially hidden by the Science Club display, Paul Reinbold and Ruth Hieb add another member to their club.

The Science Club, although it is primarily for students majoring or minoring in the natural sciences, is open to any student. It attempts to promote a greater interest in and appreciation of the natural sciences, and to encourage the sharing of scientific knowledge among its own members and others on the campus. It stresses practical application of the sciences.

Plans for this past year included an annual breakfast in the spring, a field trip to a Chicago hospital, monthly films and student demonstrations, and lectures on fields of special interest by the science faculty members. It also helped to raise funds for the proposed Science Building by making a donation of \$100, and by participating in the invasion drive.

Public Affairs...

Students crowd towards the public affairs exhibit.

Concern in Political Events

The Public Affairs Club, sponsored by Professor H. Humble, strives to keep its members and the student body informed as to the happenings of the state and nation. In their monthly meetings members of the club discuss current events, seeking to find the reasons behind world events.

In the fall, the club co-sponsored a program in which Dr. Cotner showed slides of his trip through Germany. The slides included many of the "Berlin Wall."

This Spring, the club hosted a dinner for Mr. Glenn R. Winters, Executive Director of the American Judicature Society. Mr. Winters spoke on the "Law as a Profession."

The club closes its year with an outing at Kankakee State Park.

Expressive Communication Through Eloquence

Genuine education should include development of oral communication skills. The Speech Club enthusiastically promotes ability in public speaking. Its diversified interests include reading interpretation and dramatics.

Every Olivetian appreciated the guest speakers sponsored by the club and their presentation of "theatre in the round". The members of the club climaxed the school year with a sumptuous picnic.

Alpha Tau Delta...

Founded in 1942, Alpha Tau Delta, Olivet's chapter of Phi Delta Lambda, the scholastic honor society of Nazarene colleges, attempts to promote good scholarship on Olivet's campus by providing outstanding students with recognition and an opportunity for self-expression. Standards for membership in this club are a 3.35 grade point average for underclassmen and 3.2 for juniors and seniors. This year, eighty-four students met the above requirements.

Its activities during the 1963-64 academic year included the annual Phi Delta Lambda breakfast, part of the Homecoming activities, and several programs, one of which was a talk on graduate study by Dr. W. E. Snowbarger, Dean of the college.

Insight into Man and Culture

Wayne Hayes acts as kibitzer for prospective members of Sociology Club.

The Sociology Club endeavors to arouse campus interest and concern in the social problems of our day. With this goal in mind, they initiate survey of and research on social movements, and conduct round table discussions.

On the club's field day, the students made a tour of Chicago slums and settlements. Once every month they went to Kankakee State Hospital to bring joy and entertainment to the people there. One of the main events was the Christmas party held at one of the men's wards at the State Hospital. The members of the Sociology Club experienced the deep satisfaction that comes from helping others.

Their main objective is to be oriented to the social movements of their generation and to make some contribution to our society.

Student Education Association . . .

A long line forms for SEA forms.

The Student Education Association is not only the largest club on campus, but also one of the busiest. It has monthly programs during which subjects of vital concern to future teachers are covered. These programs included a mock interview of a future teacher by a visiting school superintendent, reports by student teachers concerning their classroom experiences, and a program on the benefits and uses of visual aids.

A new activity was initiated this year when a tea honoring faculty, staff and administration during National Education Week was given by members.

Its most important activity of the past year was the Student Teaching Workshop to which cooperating teachers and superintendents and all SEA members were invited to attend. Dr. Victor DeWald, Chairman of the Graduate Division of Millikin University, Decatur, Illinois, was the key-note speaker. The day was climaxed by a well-attended banquet.

Political Perspectives

To help bring about more interest in the field of politics, a Young Republicans Club has been organized on Olivet's campus. This newly organized group has already attracted many politically minded students and has been quite active.

Charles Percy, candidate for governor of Illinois, appeared on campus as a special speaker for the club. In February, Dr. Willis Snowbarger gave a lecture on "Dynamic Conservatism vs. Mugwumps in the Republican Party." Other activities of the club have included campaigning by the campaign committee for Professor William Bennett for the local school board and also for "Chuck" Percy.

Debate Club...

A member of Pi Kappa Delta, the national debate society, Olivet's debate team completed its fourth year in intercollegiate competition since it was reactivated.

Seeking to further the cause of debate, members gave demonstrations in nearby area high schools as well as several sample debates on campus.

Members of the team were encouraged to appear in outside speech tournaments. Major debates entered included ones at Bradley University and Wilson Junior College.

Creative Exposition

"Mac" and Ned research arguments for the debate team.

Music is one of the most versatile arts to be found on Olivet's campus. Wherever an Olivetian goes, there is music in the air. Whether it be in chapel, in the dorm, in the library, or in Goodwin Hall, people can be found singing, playing instruments, or listening to records for a class or their own enjoyment.

Music is a part of the student's education as well as entertainment. For the musically gifted, there are such organizations as Orpheus, Vikings, Treble Clef, and the Brass Choir. A course in the fine arts is offered to all who come to Olivet. Truly, music is an essential part of an Olivetian's life.

Music Educators...

Cultivation of Musical Enjoyment

An organization which brings together those interested in the teaching of music in public schools and colleges is the Music Educators. This club helps to stimulate friendships and professional growth for those who share an interest in music.

This past year the club sponsored a performance by the Luther College Concert Band in March, and receptions after Senior Recitals. At their meetings, they had special music speakers. The officers attended both the national and state M.E.A. conventions.

Orpheus Choir...

Orpheus prepares for choir tour.

"Ministry in Music"

"Come, let us sing unto the Lord: Let us make a joyful noise to the rock of our salvation." Orpheus Choir has been a loyal servant to the church for many years, presenting "A Ministry in Music." Its members contribute to the cultural, artistic, and spiritual development of our campus and outlying communities. They participate in various religious services in many different churches. Their full, rich, voices warm and thrill the hearts of all who attend their concerts each year.

The highlight of their agenda this year will be a trip to Portland, Oregon in June to take part in the music program planned for the 1964 General Assembly of the Church of the Nazarene.

Vikings Male Chorus...

"For Thee We Sing"

Prof. Murray and Vikings work on songs for Sunday service

Vikings is the name which forty-nine men use. Whether they don grey blazers or dress in their tuxedos, their goal is glorifying the Master in song. Besides their main Spring Tour, which this year included Ohio and Indiana, the Vikings provided musical uplift to various College activities and church services. Under the direction of Donald R. Murray, the men truly fulfilled their motto, which is "For Thee We Sing."

"Voices in Praise"

Treble Clef Choir is composed of sixty-two women. "Voices of Praise" tells the wonderful love of Christ as the Choir presents its many concerts each year across Olivet's Educational Zone. Among its many activities throughout the school year were a trip to Chanute Air Force Base, Rantoul, Illinois, and the Spring Concert Tour. This group also makes many weekend trips to churches on the zone, has an annual banquet, partici-
pates in the Homecoming program, and presents a spring concert secular in nature.

Concert Band...

"The Sound of Music"

Concert Band presents formal concert.

This last fall, the Band presented an outdoor "pop" concert and a Homecoming concert. Both were held in the Quadrangle in front of Hill's Hall. The music presented was of a light nature and included such selections as "Totem Pole" and "Deep Purple." In January, the Band joined Treble Clef and Vikings in a formal concert, "This is America" which proved to be a moving and enjoyable experience for participants and listeners alike.

The Spring of '63 was highlighted by a tour of several states. Included in the Band's itinerary was a performance at our sister college, Trevecca Nazarene College, located in Nashville, Tennessee.

Orchestra...

"Varieties in Music"

Mrs. Larsen directs orchestra in the "Messiah" performance.

This year the Orchestra again accompanied Oratorio Chorus in the annual presentation of the *Messiah*. They also went to Bradley-Bourbonnais High School to accompany the students there in their performance of the operetta, *Amal and the Night Visitors*.

In late spring the Orchestra presented a concert of classical music which included such works of art as Haydn's "Clock Symphony," the "Turkish March" from Beethoven's *Ruins of Athens*, and an encore, "Rhythm Ride" by Whitney. Mrs. Evans joined the Orchestra in singing an operatic aria and two art songs.

The Orchestra climaxed the year in the annual commencement concert, attended by many visitors and students.

Brass Choir...

"Melodies in Brass"

Part of Brass choir takes five for a rest.

One of the smallest and most unique groups on campus is the Brass Choir. The organization is a ground for those who play brass instruments and wish to make greater use of their talents. The group consists of nine members and is under the leadership of Professor Curtis Brady.

This year's activities included special concerts at several area high schools and playing in student recitals.

"Better Church Music"

Specialization in the many facets of organ playing is the purpose of the Gale Organ Guild. Named for Dr. Ella Gale, one of the sponsors, the Guild provides expression for those who play the organ.

Activities this year have included trips to Wheaton College, Austin Lutheran Church, Rockefeller Memorial Chapel at the University of Chicago to view the organs, and to a concert in Evanston. The group also listened to a number of special speakers.

Music majors find their moment in the limelight on the night of their senior recital. It is then that friends and family enjoy the fruits of four years of endeavor. The music major is required to give this performance as partial fulfillment of the requirements for the Bachelor of Science degree in Music Education. The student of music begins building his repertoire early in his school career. Then, on the night of his recital, he is able to perform music from many periods and of varied types.

Each summer while most Olivetians are relaxing or working in preparation for the fall, a small but dedicated and talented group of Olivetians, tour the educational zone. These groups represent Olivet at the various churches and districts. They help to spread good will for the school as well as to provide inspirational music for all who hear them.

This past summer, Olivet was represented by the Olivetians, and the Kingsmen Quartet.

Intramurals

Athletic activity is an integral part of life at Olivet. Physical exercise is necessary if we are to keep our bodies strong. Exercise of the mind is not enough—we must exercise the body too.

Physical activity is good in itself, but it becomes better when a more tangible reward than physical well-being can be gained. It is through competition that this reward comes, for competition builds character as well as bodies.

Olivet has six societies which provide the basis of competition. This competition is not only athletic in nature but is also, in a sense, academic. In addition to the regular events of the year, there are six literary-music contests in which the societies participate, all in competition for points. Each spring the society with the greatest point total is awarded the President's Cup. In addition to the points won for the society, each competitor earns points toward a letter and membership in the "O" Club. In this year's intramural section, the societies are placed in order in which they finished in over-all competition last year.

Correlates Society Activities

The Intramural Council is comprised of the Dean of students, the presidents of each society, the president of the Associated Students, and the chairmen of the departments of Speech, Physical Education, and Fine Arts. The College President and the Dean of the College are the two ex-officio members of the council.

The council chairman, with the help of the other members of the council, is responsible for the purchasing of supplies and equipment, the programming procedures, jurisdiction of the facilities, and the totaling and recording of society points. The other duties of the council is to appoint the master of ceremonies for every public program. Each society is responsible for having one master of ceremonies each year.

The opening of the new fall semester also means the beginning of Olivet's Softball season, a time of excitement and keen competition. This year was no exception. The action was highlighted by the ten wins and no losses of Zeta. Beta had a six and four record.

In girls softball this year it was Sigma that held the lead with a five wins and no losses. Zeta ended in second place with a three and two record. Third place was popular for there was a three-way tie between Gamma, Delta, and Kappa.

Thus the record books are closed for another season, but records can't really tell of the thrills and disappointments felt by those who participated.

Action Filled Moments

Zeta batsman smashes a hit in their game against Delta.

The '63 football season was one to be remembered. Before the first kick-off, the spectators were sure the upper-classmen would have little trouble with the freshmen. However, the green-horns were not convinced. So, from the beginning a strong rivalry sprang up. The upper-classmen met a worthy foe. One of the major reasons for the success of this season was the spirit and enthusiasm shown by the student body. Students flocked to the games, sometimes in blustery, inclement weather. This excellent attendance, by both freshmen and upper-classmen, is a good indication of the importance of football in the life of the Olivet student. A good team always performs better with the roar of enthusiastic rooters in its ears. This was the case in the '63 football season.

Sounds of excitement poured from the gym as this year's basketball season became a reality. Sigma was determined to keep its record of no defeats intact. Every other team was equally determined to wrest its honors from Sigma.

At the close of the season we found that Sigma did fall. In fact she fell twice. With this 8 and 2 record Zeta was able to tie Sigma for the Championship. There was also a tie for third place between Gamma and Delta, each with a 5 and 5 record. This year fifth place went to Kappa with their record of 3 and 7. Beta ended as the under dog in 9 out of 10 of their games, putting them in the last position.

The success of this year's season is due to three major factors. They are first, the spirit of keen competition shown by each of the teams, second, the enthusiastic yells of the cheerleaders, and third, the loyal support of each of the society members.

Tip-Off

For the first time in fifteen years, the Alumni came out winners in the annual Homecoming basketball game. Their victory can be accounted for by the coaching of Dr. John Hanson and the ability of the Alumni team to work as a unified group. The final score of 78 to 69 does not show the excitement and thrills of the game.

The Alumni Women also came out the victors in their game with the Women's "O" Club. The Alumni Women coasted by the "O" Club Women, 34 to 28, giving them their second victory in two years.

Provide Excitement

After the victories game Coach Hanson is carried around the court by his very happy players.

Track competition, varying this year from the annual Field Day, included three triple meets in which each society participated in two, and terminated with a new meet, the Invitational. This program gave rise to new and greater rivalry among O.N.C. cindermen.

The revised program, plus fair weather, an improved running surface, and serious-minded athletes, provided student audiences with high caliber athletic contention.

When points were tallied, Zeta was in the lead, with Kappa and Sigma as runners-up. Individual honors in our first Invitational were won by Dan Salisbury (Zeta) and Roberta Kinnersley Schoenwetter (Delta).

Zeta frosh, Dan Salisbury, demonstrates form that led to records in the 100, 200, and 440 yard dash, taking honors in Invitational.

Between hard take-off and sandy landing, Isenhour strains for distance in broad jump.

Extra surge brings no results for Larry Winchester, Kappa senior, as his floating frame brushes the bar.

Field and Track Events...

Junior distance specialist, John McKnight, proves mettle in setting 2:06.7 record mark in the 880 yard run.

Bob Isenhour, second highest point getter, adds tallies to Kappa's total in a hearty leap for height.

Fred Schrieber, shows fine form as he skims low hurdles hoping for a respectable showing and points for Gamma.

Bring About Spring Competition

Vital statistics, a most important factor in the Invitational, are calculated and honors bestowed.

Minor Sports

Minor Sports on Olivet's campus have become an important part of the school's calendar. It is through the emphasis placed in these sports that they have come to be significant. Frequently, the student incapable of shining in major sports finds genuine satisfaction here.

The minor sports on Olivet's campus are Tennis, Golf, Ping Pong, and Swimming. Each adds to the building of good Christian character and adequate leadership.

Music-Lit

The Intramural Music-Literary competition is composed of six contests, three of which are in the first semester and three in the second. These contests are divided into three major areas—sacred, classical, and secular. These contests are under the control of the two Music-Literary overseers, Profs. Brady and McCombs. Rules of the contest prohibit a winner from competing in other contests. The Music-Literary contests are well received by students and faculty alike.

College

All student activities are ordered and directed by the college. Far reaching plans and policies are established by the board of trustees. More immediate plans come from the administration—President Reed and his staff.

Working under the administration are the faculty. There are six divisions at Olivet—Social Science, Education and Psychology, Fine Arts, Language and Literature, Religion, Natural Science. A division of Graduate Studies in Religion was added in 1963.

Administrators,

Faculty and

Students

At the bottom of the ladder are the students, in reality the college's *raison d'être*.

Four classes, a student body of some 1200, make up Olivet. Each student may be a member of a club or organization, participate in athletics or in other activities, as part of college life.

All of these things are ordered by the purpose of Olivet—an education with a Christian purpose. Without this purpose, there would be no college.

Dr. Harold W. Reed

THE PROVIDENCE OF GOD FOR OLIVET

There have been three great crises in the fifty-seven year history of Olivet Nazarene College.

The first crisis was in nineteen hundred and twenty-six when the college was forced into bankruptcy. Many thought that the institution could not survive this ordeal. But faith, courage and determination saved the day. Olivet came out of this dark period to grow stronger and rise higher.

In nineteen hundred and thirty-nine a disastrous fire laid to the ground the Administration Building which included the chapel, library, and classrooms. Out of this calamity, Olivet arose from its ashes and moved to Kankakee, to a campus much larger and better than it had before.

A third grave crisis visited Olivet on April seventeen, nineteen hundred and sixty-three. A terrible tornado ripped through Olivet's campus destroying several buildings and damaging ten others. Forty-seven students and faculty were hospitalized. Nearly a million dollars worth of damage was done.

Important business is transacted over the phone in Dr. Reed's office.

Our President

Dr. Reed speaks at Board of Trustees dinner.

We arose the next morning dazed and stunned, and yet with a firm faith in God. We made our way to the Chapel where twelve hundred joined in singing, "Praise God from whom all blessings flow." We read from God's Word, Romans eight twenty-eight; "And we know that all things work together for good to them that love God, to them who are the called according to His purpose."

God's presence was very real in that chapel service!

He gives to Olivet that Plus in Education! Again, Olivet arises with faith and courage to believe that its tomorrows are bright with promise. A spirit of optimism stirs in our hearts for we believe in the Providence of God for Olivet.

The Board of Trustees are the elected representatives of the fifteen districts composing our Central Educational Zone, representatives of the Alumni Association and our President. They determine the policies of the college and meet semiannually, in February and in May. They are the legislative force which controls our college.

The main topic of discussion during the February session was the building and financing of the new Science Building.

Dr. Reed discusses important business of the meeting with Dr. Updike, Chairman of the Board.

Social Science...

The social sciences give a student a broad and comprehensive perspective of the whole of human society—past, present, and future. Man is examined through his various social interactions. Human culture is understood by looking at man's history, government, economics, and social structures. Principles are abstracted and then applied.

Students are given opportunities to observe their own society in a practical and first hand manner. Each year the division sponsors field trips to numerous state hospitals, prisons, and various ethnological groups within the greater Chicago area.

Man's responsibility to man is more fully appreciated. A Christian's role in society is examined in light of his foremost responsibility to his God.

Through the use of a Presidential Preferential Poll, Prissi Andrews has opportunity to apply learnings of social sciences.

Guiding the growth process of the youngster from his introduction to the classroom to his graduation as a sturdy, self-reliant young person requires knowledge and skill on the part of a teacher. But it requires still more—a blending of theory and practical experience with dedication and love. This unity is the goal of a good teacher and of the Department of Education.

Psychology is first understanding, and then it is practical help. Why do people behave as they do? This is a question asked by teachers, pastors, and counselors whom the department attempts to equip with the basis of guidance.

Not just for athletes, the physical education department strives to meet the needs of all students by coordinating muscles and mind into a healthy functioning unity.

Skill in the art of the communication of ideas, ideals, and personality is essential for successful living. Incisiveness of thought, clarity of expression, and understanding are learned through practice and students get a great deal of this in their English, Literature, and Speech classes. The depth of human culture and the highest ideals and aspirations of man are pondered over and reflected upon as the student is confronted with the world's greatest literature.

Language is an expression of culture. The language lab, drills in grammar and conversation and continual striving for fluency are part of the students' training in perfecting the ability to communicate. Classical languages give a new insight into our past civilizations and their effect on modern society.

Fine Arts...

Through art and music, man perhaps most fully expresses his creativity. An appreciation of the "beautiful" gives a richer meaning to life. It is a joy forever.

For the artist, beauty is not merely a breath-taking spectacle; it is a consuming experience, a discipline requiring sensitivity and long hours of work. Seeing shades of coloring, shadows, lines, and angles in nature, perceiving reality in a new way and capturing it on canvas—this is the challenge of art. Converting the fading scenes of time into timelessness—this is the exhilaration of art.

Music is a melody coming from the depths of a man's soul. It can bring a soft kiss of peacefulness or a dazzling whirl of action. Through courses, private lessons, and musical groups, the Music Department endeavors to develop quality in expression, enjoyment, and understanding.

Natural Sciences...

Natural Science is the organized investigation of the physical world. It is objective and follows scientific methods and procedures. It organizes, systematizes, and analyzes the tangibles of life by careful scrutiny. It is a search for truth, and a wedge into the mystery of life itself. It compels the student to seek answers to searching questions concerning the vast creation of his Creator.

Biology, chemistry, zoology, genetics, and mathematics are the various subject areas for concentration. The division seeks to prepare some students for graduate work, some for secondary teaching, and others for dealing with the basic problems and principles concerning the natural sciences.

Religion and Philosophy...

The never-ending search for Truth and Reality is the work of philosophy. It is also a method and procedure to intelligent inquiry and direction of thought. Through philosophy, a student's faith is made more comprehensive and meaningful. It is a broadening of one's world and life outlook. A Christian conceptual and perceptual framework is developed giving greater understanding of truth, religion, ethics, knowledge, history, and the whole of life.

A study of Scripture is basic to an apprehension of truth. Through Christian doctrine, theology, and apologetics, Biblical truth is related to contemporary problems. Our holiness heritage is more fully appreciated and comprehended. Knowledge is integrated in the person of Jesus Christ.

In seeking to better serve the students who attend Olivet, the school has established a program of graduate studies. The plan leads to a Master's degree in Religion. This is the first step by Olivet beyond the regular four year liberal arts course. Dr. Ralph E. Perry is Director of Graduate Courses in Religion; eight students enrolled this first year of operation. Courses of study include such subjects as Archeology of the Bible, Doctrine of Salvation, and a written Thesis.

The Junior is mellowed into a collegiate personality; an identity has been found. He is seasoned. He suddenly begins to feel a new affirming sense of maturity, wisdom, devotion, and anticipation. Life has new meaning; he has learned to be objective. He dives into upperclass activities, courses, responsibilities, and challenges with energy and expectation.

Sophomores . . .

The Sophomore faces his new responsibilities with the intention to improve. His innocence is replaced by sophistication; his procrastinations are eschewed because of painful experience; his frivolity is tempered with the task of goal-setting; his insecurity gives way to self-confidence. This second year on campus offers greater social and academic opportunities, and having realized some of his ambitions, he now seeks to make the most of college life.

Freshmen

The Freshman is determination personified. Perhaps not as intensely academic as the upperclassmen, his energetic participation and contribution to college living is realized by fellow students and faculty alike. As he adjusts to life on our campus, he gains clearer perspective of his college program.

Initiate the Four Year Endeavor

Nothing will humble a class as much as being pulled through a mud hole during Frosh-Soph Day.

Accuracy of aim is evidenced as Ken Armstrong gets revenge on an unidentified Freshman Class officer.

Advertisements

Through the financial support of our advertisers, the making of our yearbook is possible. We wish to express our sincere thanks to the districts and churches on the educational zone, and the local merchants for so faithfully supporting and cooperating with us. It has been a real pleasure working and associating with so many wonderful friends of Olivet across the educational zone, as well as in the community. By patronizing local merchants, by loyalty to the church, Olivetians are able to show their appreciation for this support. The support of

Districts

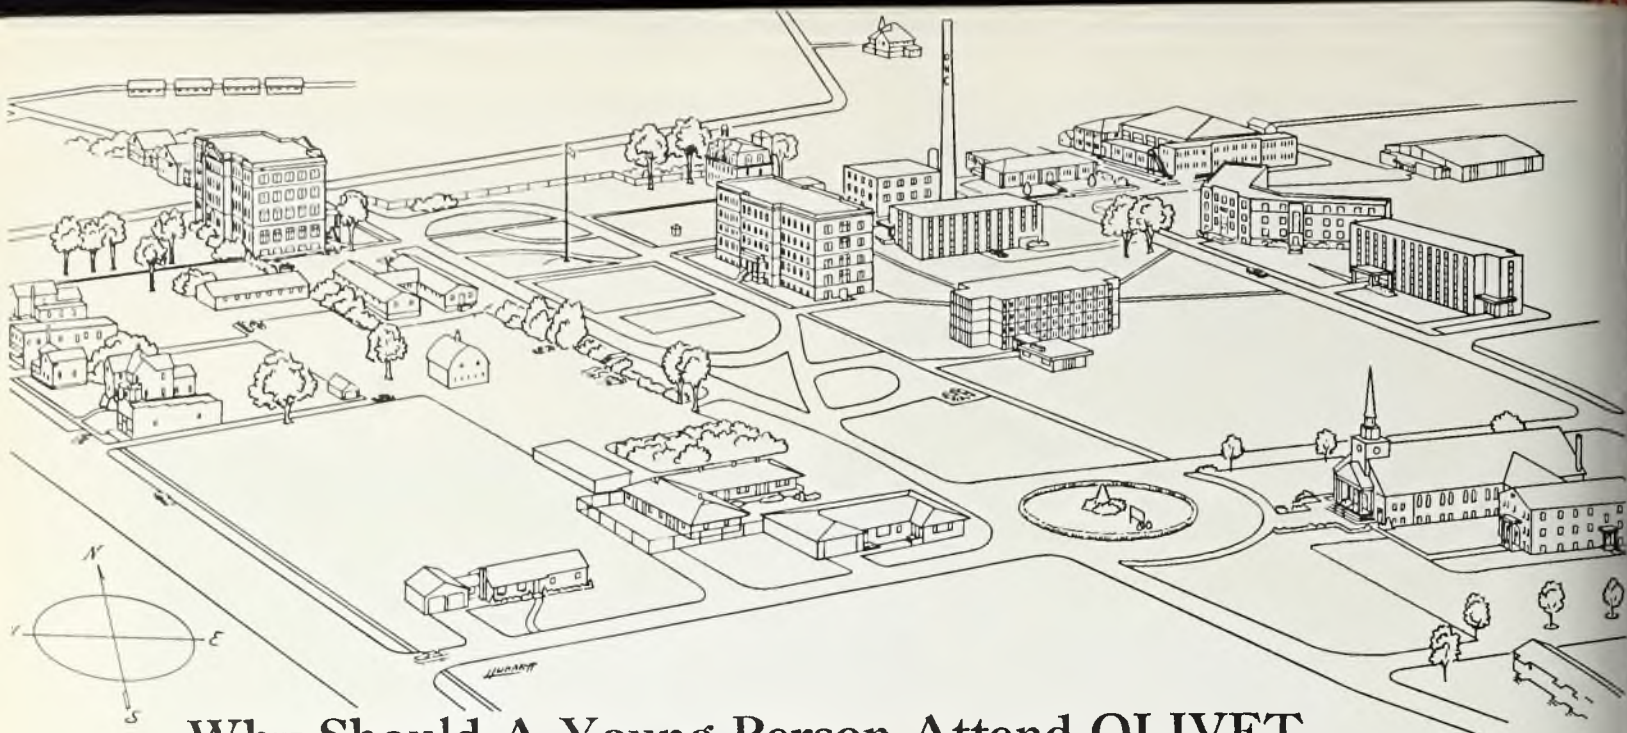

Churches and

Local merchants

Because of our Christian-centered training, we as Christian businessmen, teachers, pastors, social workers, and participants in other professions will be better able to serve our districts and churches. It is with real pride and deep appreciation that we present the following advertisers.

A Word in Closing

Yes, Olivet is many things to many people. It is the hope of the AURORA staff that we have pictured in some small way some of the facets of Olivet. Just as the seal is a symbol of the school so the people represent what the school is. For it is only by people that we have Olivet.

It is through people that the '64 AURORA is possible. People doing their jobs. Many thanks are due to the people connected with this book. People like—Prof. Strickler for his assistance and perseverance to show us at least two sides to each problem—Dr. Fordyce Bennett for his help in turning out quality copy—to Bob Merri-man of Durrand Covers for his patience in helping us choose a cover—to Tony Razaitis of Interstate Printers for putting this book together and to Bob Blankenberg of Blankenberg's Studio who put up with our wild suggestions for pictures.

Then there are the people with whom I've worked. Art Saunders, my partner in the office and business man-ager, who secured the money to put this book out, a top notch guy with whom to work. Susan Jimenez, my assist-ant editor gave able assistance and suggestions without which we wouldn't have had the book. I would like to thank the AURORA staff of 1964. It was this group of people that created the AURORA.

It is our hope that the '64 AURORA will reflect the spirit of courage and determination of all Olivetians and the Christ they gave first part.
